

WORLD CLASS SAFETY PERFORMANCE IS OUR OBJECTIVE

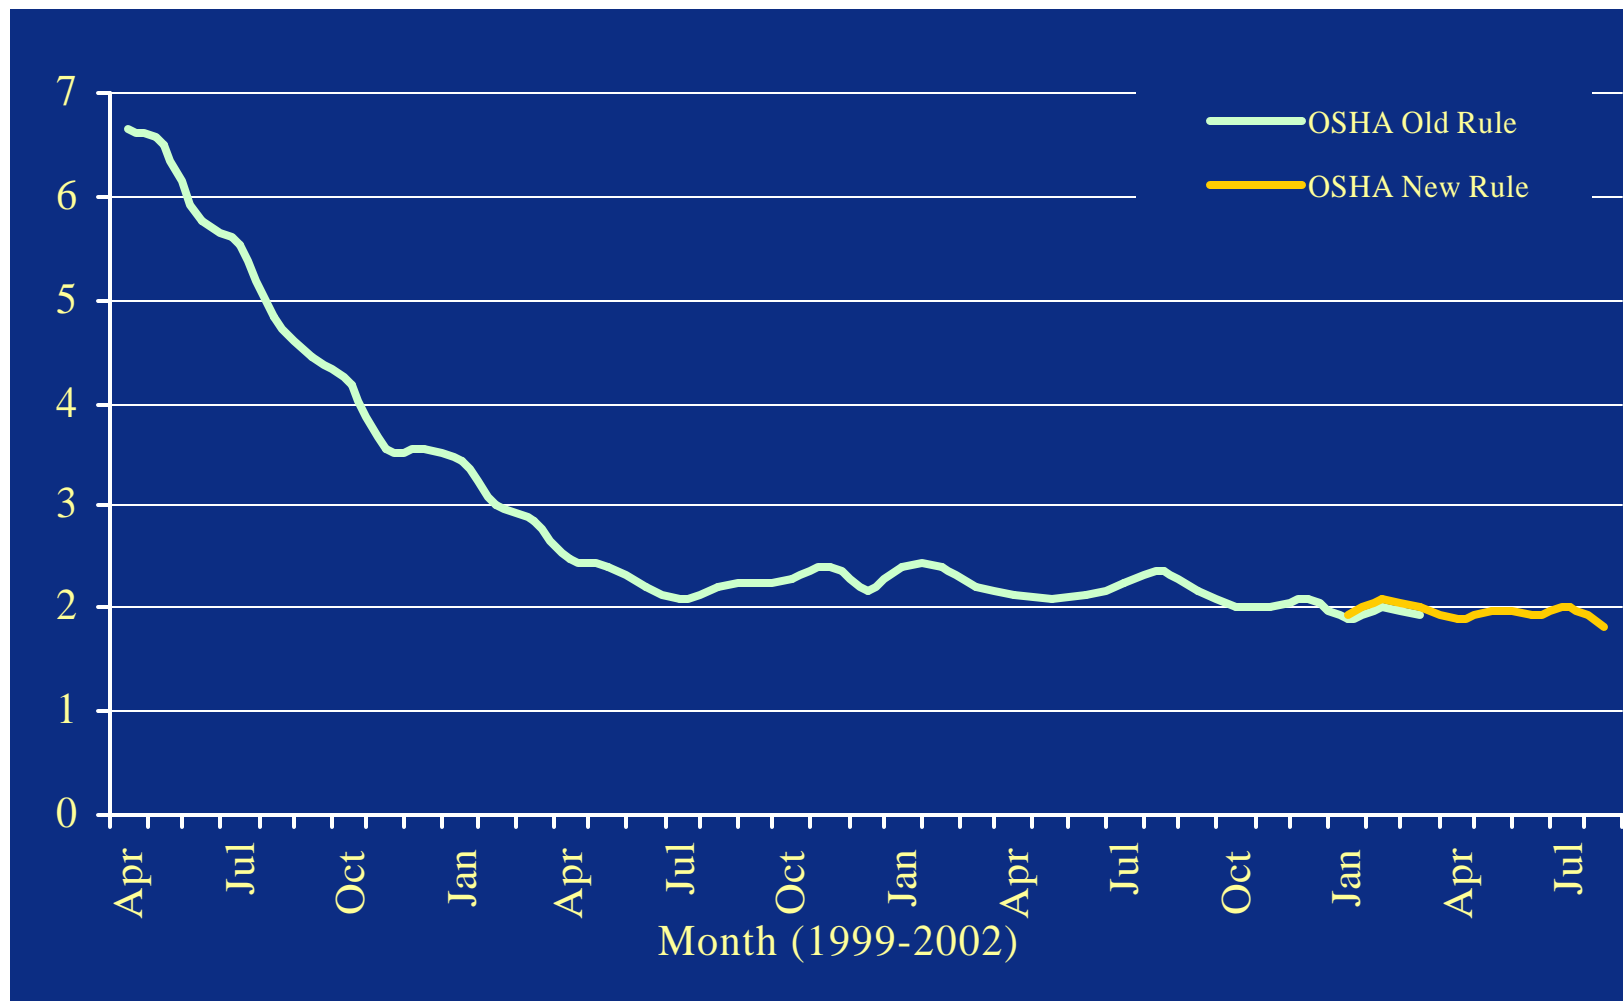

- BNFL Inc. safety performance has improved significantly in the past three years
- Day-Away-Case-Rate (DACR) is at or near world-class
- Further improvements are being made through implementation of Behavior Based Safety

The following charts show:

- Safety improvements in Total Recordable Incident Rate and DACR
 - BNFL Inc. and DOE performance for the DOE Cost Index
 - Comparison of ETTP, AMWTP and BNFL Inc. to other DOE D&D contractors
 - Comparison of BNFL Group and BNFL Inc. to over twenty global companies
 - Improvements due to Behavior Based Safety at Group and at BNFL Inc.
- Savannah River Company

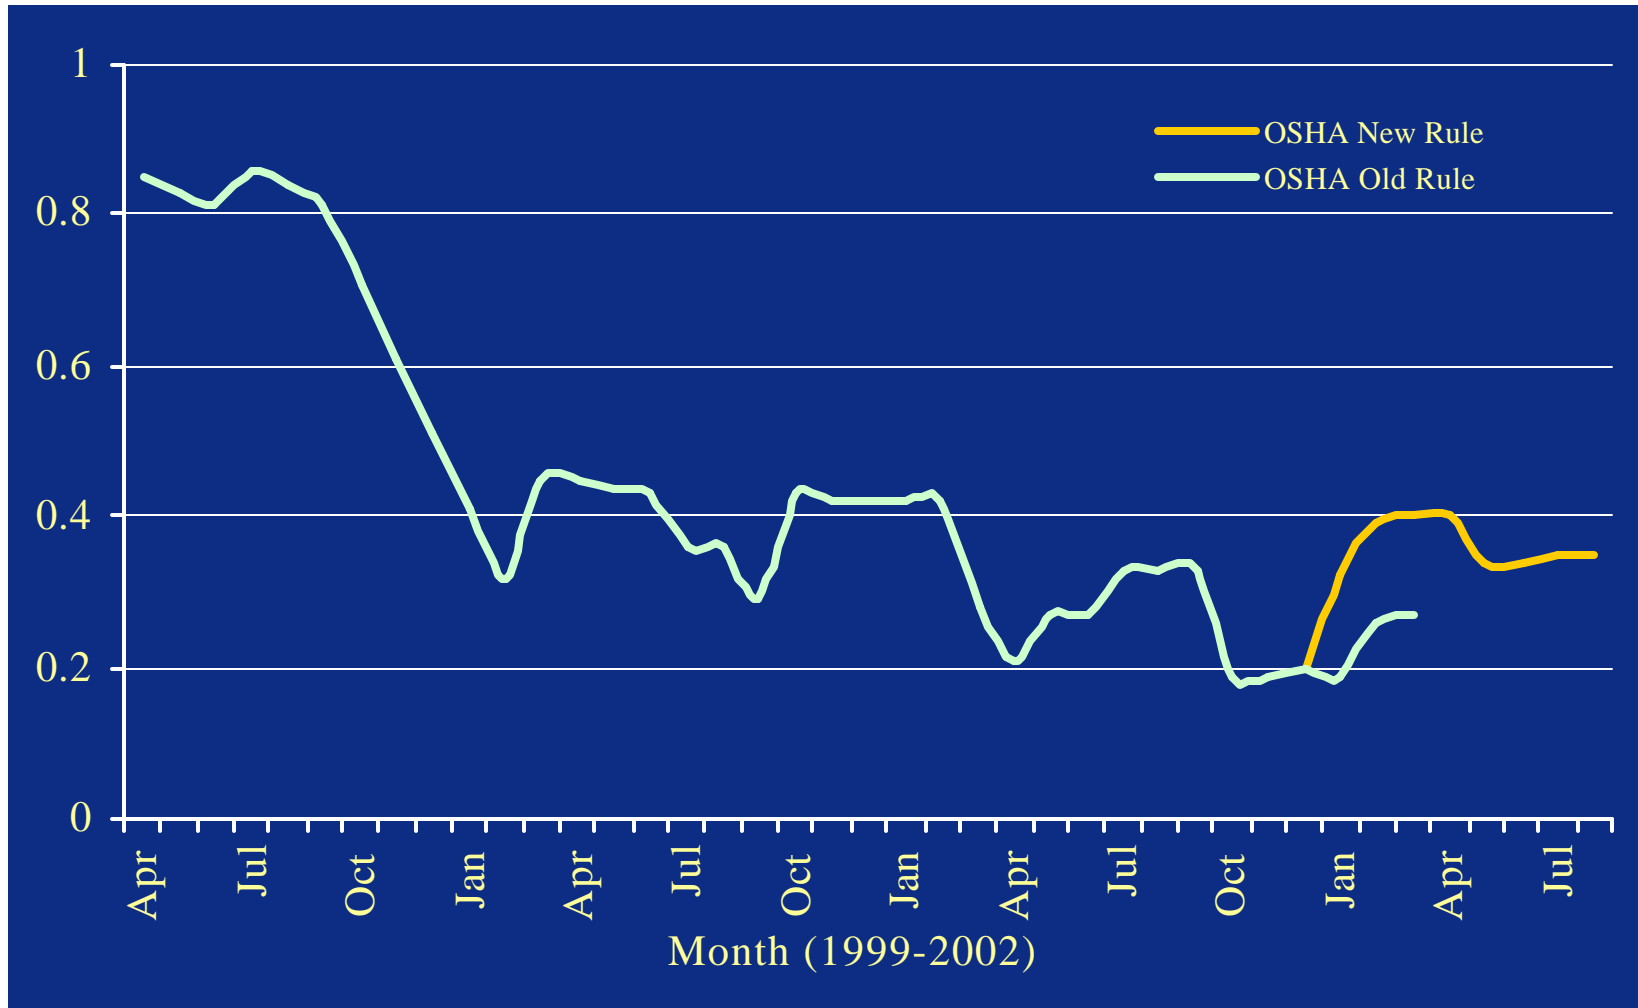

TRIR Performance Improvement (3.6X)

(12 Month Rolling Average)

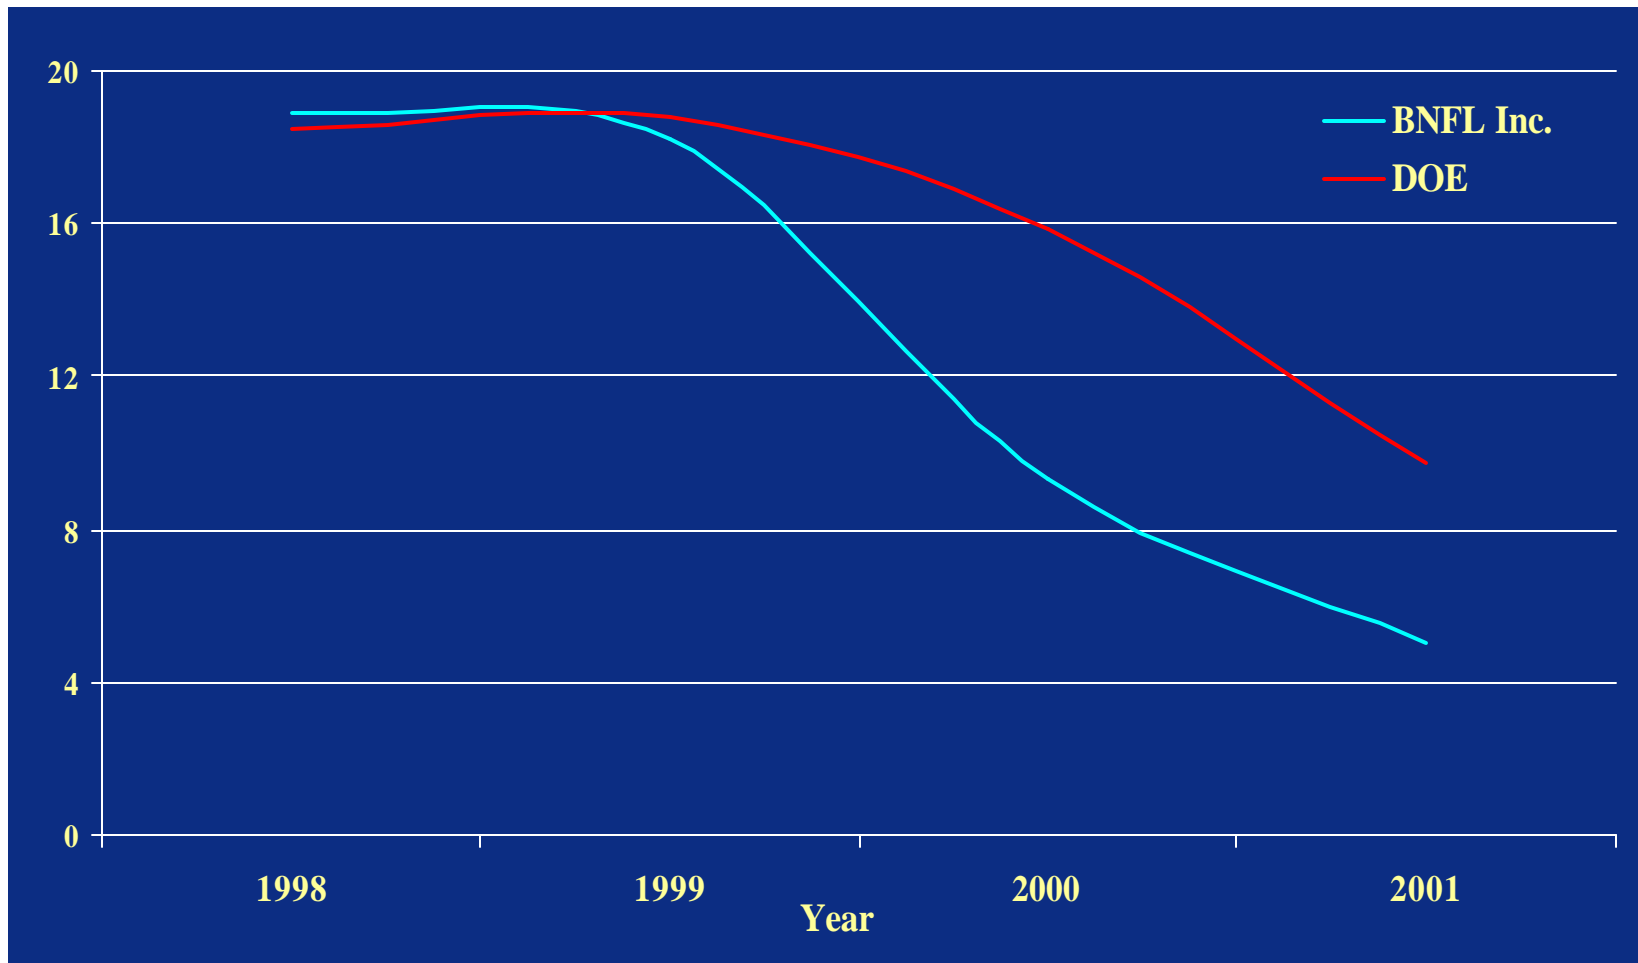

DACR Performance Improvement (3X)

(12 Month Rolling Average)

Cost Index BNFL Inc and DOE

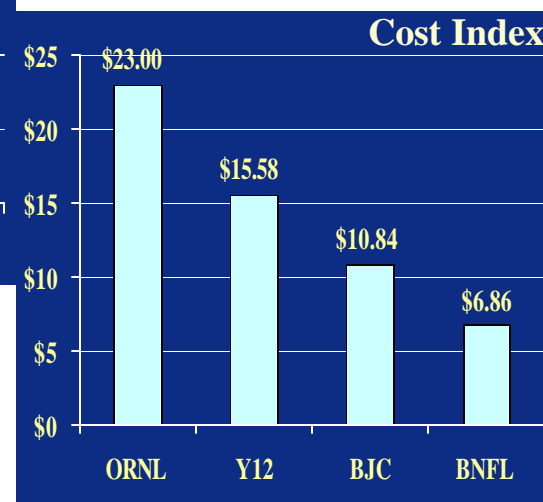

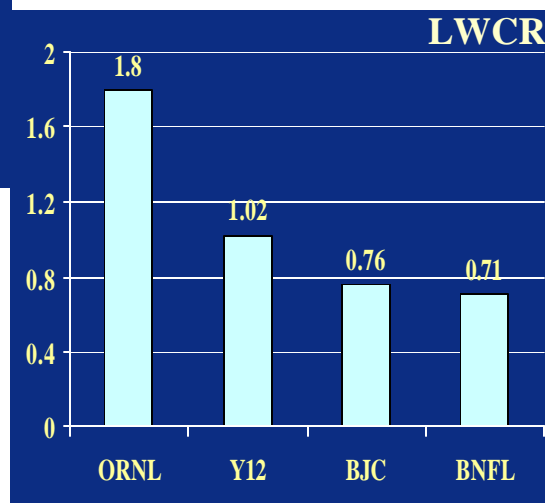

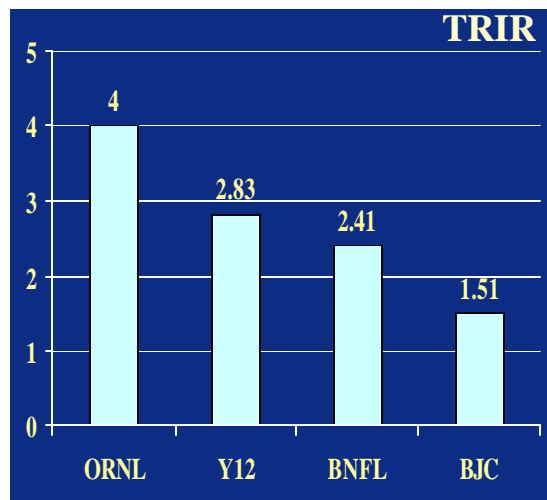

ETTP and Other OR Contractors

As of December 2000

BNFL Inc. performs significantly more hazardous work than the other contractors.

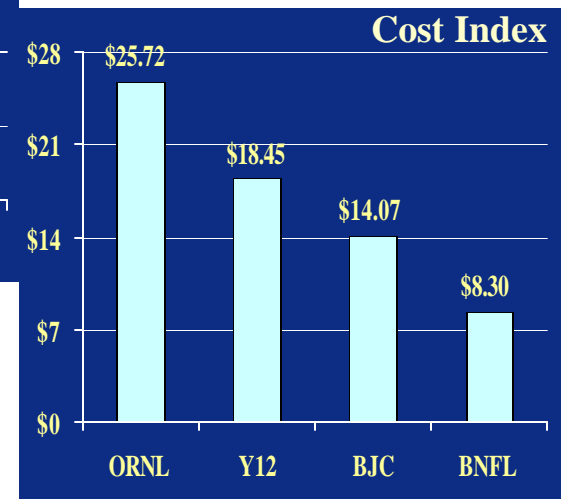

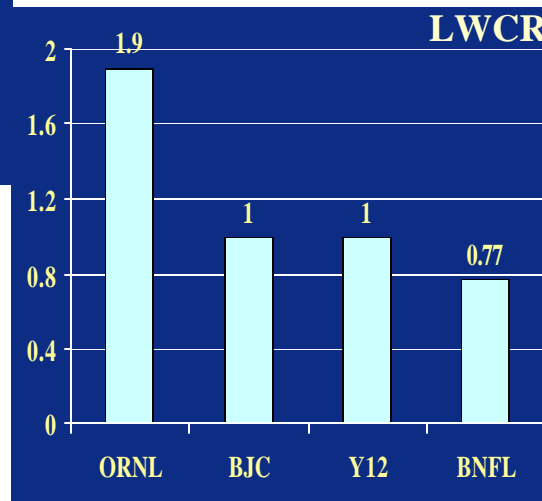

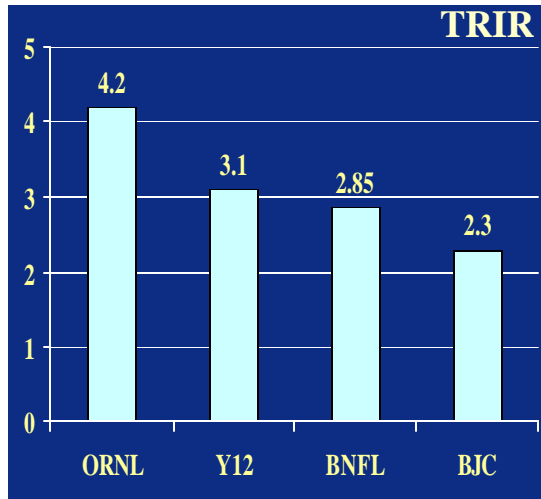

ETTP and Other OR Contractors
